Preface

The President's Office-Regional Administration and Local Government (PO-RALG) manages Pre-Primary, Primary, Secondary, Adult and Non-Formal Education in Tanzania Mainland with the duty of ensuring that all schools are well managed and provide quality education. Management and provision of quality education requires adequate and equitable teachers, sound infrastructure and adequate school materials. To do this, we need to have up to date information and statistics that will enable us to assess school needs and monitor performance. Availability of Basic Education statistics will also enable education stakeholders to carry out education planning and research necessary for improving the education system.

In order to have adequate and quality Basic Education data, PO-RALG started preparation of annual statistics booklets in the year 2013 containing pre-primary, primary, secondary, adult and non-formal education with the disaggregation at the regional and council levels. Availability of data helps in monitoring of regional and council differentials in performance and inputs and take appropriate measures to harmonize and improve the system where necessary. Most of the statistics are collected directly from schools while the rest are obtained from other relevant institutions such as The National Examinations Council of Tanzania (NECTA) and The National Bureau of Statistics (NBS).

This booklet has information on student enrolment, teachers, education facilities and examination results. It is our belief that, the booklet will be useful to the education stakeholders and others with interest in the education system.

President's Office - Regional Administration and Local Government acknowledges contributions and inputs from the stakeholders, Government Institutions, Private Sector and Development Partners for their contributions that has made this publication possible. Special acknowledgement is extended to the Ministry of Education, Science and Technology (MoEST), the National Bureau of Statistics (NBS) and the National Examinations Council of Tanzania (NECTA) for their tireless support in making sure that this publication becomes success.

For further improvement of this booklet, PO-RALG welcomes views from all education stakeholders. This publication can be accessed through PO-RALG's website <http://www.tamisemi.go.tz>.

System and Structure of Education and Training

The education system is currently based on the 2 – 7 – 4 – 2 – 3+ structure; that is 2 years of Pre-Primary school, 7 years of primary school, 4 years of ordinary (lower) secondary school, 2 years of advanced (upper) secondary school and at least 3 years of higher education (Tertiary level).

Methodology

Data presented in this publication is that of education levels and categories under the jurisdiction of PO-RALG. These include pre-primary, primary, secondary, adult and non-formal education. Education data is collected through annual census of education institutions using questionnaires designed specifically for the purpose. Data on Pre-Primary, Primary, Secondary, Adult and Non-formal education are collected through questionnaires and entered in the system at school/centre level. The entered data are verified at School, Ward, Council, Region and National levels. Data on Population is obtained from the National Bureau of Statistics (NBS) while that on examinations is obtained from the National Examination Council of Tanzania (NECTA).

The reference date for data collection in Pre-Primary, Primary, Adult and Non-Formal and Secondary is 31st March of every year.

Primary Education

Chart 2.2: Trend of Standard I-VII Pupils Enrolment in Government and Non-Government Schools, 1961-2022

NOTE: In years 1975-1980, 2002-2006 and 2016-2022 the number of enrolment increased at increasing rates. The rapid increase in the mentioned years was due to the improvement and implementation of education programmes and policies; in year 1975 the government implemented Universal Primary Education, in 2002-2006 the surprising expansion of education was an outcome of initiating Primary Education Development Program (PEDP I, 2002-2004, PEDP II 2004-2008). Moreover, the increase in 2016 - 2022 was an output of implementation of ETP 2014 and Provision of Fee Free Education.

3.0 SECONDARY EDUCATION

The formal secondary education consists of two sequential cycles. The first cycle is a four year programme of Ordinary Level (O-Level) secondary education. The second cycle is a two year programme of Advanced Level (A-Level) secondary education.

The O-Level secondary education cycle begins with Form 1 and ends with Form 4 whereby Form 1 selection and enrolment in Government and Non-Government secondary schools is subject to the performance in National Primary School Leaving Examination (PSLE). The A-Level secondary education has Form 5 and 6. The Selection and enrolment in A-Level for Government and Non-Government secondary education is based on prescribed performance level in the relevant A-Level subject combinations after attainment of appropriate credits in the Certificate of Secondary Education Examination (CSEE).

Form 4 and Form 6 examinations mark completion of secondary education cycles and the results of these examinations are used as entry qualification for joining further formal education and training.

NOTE: Average male Pit Latrine Ratio is 1:28 against the national standard of 1:25; and that of females is 1:26 against the standard of 1:20. Students Classroom Ratio is 1:36 against the national standard of 1:40. The adequacy of latrines and classrooms is still a major challenge in secondary schools with notable variations among regions, where Geita, Simiyu and Mwanza regions have the highest PLR (1:39, 1:38, 1:37) respectively). The highest PCR values were recorded in Arusha - Longido and Geita - Bukombe (1:60, 1:58 respectively).
